

# Pyrrho's Corner Gas

Opinion we may have,  
I don't know  
the same things you don't know.  
but certainty and knowledge  
I don't know, ...  
are impossible.  
I just,  
don't know.

Hence our attitude to things  
Ooh ooh ooh ooh!  
ought to be complete  
It's a great big place  
Ooh ooh ooh ooh!  
suspense of judgement.  
full of nothing but space  
Ooh ooh ooh ooh!  
and it's my  
happy place.

We can be certain of nothing,  
I don't know. –Yes, you do! Oomf!  
not even the most trivial assertions.  
*You just won't admit it.*

Therefore,  
I don't know  
we ought never to make  
the same things you don't know.  
any positive statements  
I don't know, ...  
on any subject.  
I just,  
don't know.
